Privacy Policy

This Privacy Policy describes how **Menntr** (“we”, “us”, “our”), a product of **PathAxiom Pvt Ltd**, collects, processes, uses, discloses, and protects your information when you access or use our platform, website, mobile applications, APIs, or related services.
Your privacy and data protection are our highest priorities.

1. Information We Collect

We collect information to provide personalized learning, assessments, and employability services. The data collected falls under the following categories:

1.1 Personal Information

These details are provided directly by you and are essential for identification and communication:

- **Full Name:** Used to create your account profile and personalize your experience.
- **Email Address:** Required for login, verification, password reset, and receiving important notifications.
- **Phone Number:** Used for account verification, multi-factor authentication, interview scheduling, and support communication.
- **Profile Photo (optional):** Used for profile completeness and identity representation during interviews.

1.2 Professional Information

Collected to generate assessments, match you with jobs, and enhance employability insights:

- **Resume / CV Uploads:** Parsed to extract education, skills, experience, and achievements.
- **Educational Background:** Institutions, degrees, graduation year, and academic performance.
- **Certifications & Licenses:** Used to validate your professional credentials.
- **Employment History:** Past job titles, companies, responsibilities, and tenure.
- **Skills & Competencies:** Used to map strengths and gaps for training recommendations.
- **Career Preferences:** Preferred job roles, industry interests, desired locations, salary expectations.
- **Job Application Activity:** Jobs viewed, applied to, shortlisted, or interacted with.

1.3 Behavioral & Assessment Data

Collected to improve AI-driven interview simulations and learning pathways:

- **Video, Audio & Text Responses:** Captured during mock interviews, real interviews, and assessments.

- **Non-verbal Cues (if applicable):** Body language, tone, pacing, sentiment (analyzed by AI).
- **Test Scores:** Communication, domain, aptitude, personality indicators.
- **Interaction Logs:** Modules completed, time spent, milestones achieved.
- **AI-Generated Insights:** Fluency score, grammar score, domain correctness, soft-skill measurements.

1.4 Technical & Device Information

Automatically collected to improve security and optimize performance:

- **IP Address:** Used to determine approximate location, security alerts, and fraud detection.
- **Device Information:** Device type, OS version, browser type, screen resolution.
- **Usage Data:** Clickstream, pages visited, session duration, actions performed.
- **Cookies & Local Storage Data:** To maintain sessions, save preferences, and improve personalization.
- **Crash Logs & Error Reports:** To diagnose technical issues.

1.5 YouTube API Data (When Using Video Learning Modules)

Menntr integrates with the **YouTube API** only to fetch learning content:

- **Video Metadata:** Titles, thumbnails, descriptions, channel info.
- **Playback Interaction Data:** Video views, watch time, progress, engagement.
- **Recommendation Data:** Content suggestions based on your viewing behavior.

Important: Menntr never stores any YouTube video files; playback occurs directly on YouTube.

1.6 Data Collection Methods

We collect data through:

- Direct input (forms, uploads, interview responses)
- Automated tracking (analytics, logs)
- Cookies & browser storage
- Third-party APIs (YouTube, LinkedIn, Zoom)
- Integration with employer systems (when permission is granted)

2. How We Use Your Information

Your data is used to enhance your employability and personalize your learning experience:

2.1 Platform Functionality

- Creating and managing your Menntr account
- Conducting mock and real interviews
- Training AI models for performance improvement

- Generating personalized learning paths

2.2 AI Insights & Assessments

- Evaluating your communication, soft skills, domain proficiency
- Providing recommendations for improvement
- Creating employability and readiness scores
- Generating training summaries and performance analytics

2.3 Job Matching & Career Support

- Recommending relevant job opportunities
- Matching your profile with employer requirements
- Sharing your profile with recruiters (only with your consent)

2.4 Platform Analytics & Improvements

- Enhancing product performance
- Fixing bugs and optimizing user experience
- Introducing new features based on user behavior

2.5 Security & Fraud Prevention

- Monitoring suspicious activities
- Securing sessions and accounts
- Preventing unauthorized access

2.6 Communication & Support

- Sending interview reminders, feedback, reports
- Alerts regarding updates, security, or system maintenance
- Responding to support queries

3. Consent and Data Sharing

By using the Menntr platform, you provide consent for:

3.1 Data Processing

We process your information as described in this Privacy Policy.

3.2 Sharing with Employers & Hiring Partners

Your:

- Resume
- Profile
- Assessments

- Interview recordings
  may be shared with employers **only after your explicit approval**.

3.3 Use of Anonymized Data

We may use anonymized and aggregated data for:

- Analytics
- Research
- System improvement
- Benchmarking

Your identity is never revealed in these datasets.

3.4 Marketing Usage

Your interview recordings or testimonials **will only be used for marketing** if you opt-in separately.

4. Storage & Data Security

We use industry-grade protection practices:

4.1 Encryption

- All data is encrypted at rest (AES-256)
- All communication uses SSL/TLS encryption

4.2 Access Control

- Role-based access
- Multi-factor authentication for administrators
- Strict monitoring of access logs

4.3 Application Security Measures

- Firewalls
- Intrusion detection
- Secure API architecture
- Periodic penetration testing

4.4 Infrastructure Security

Hosted on secure cloud platforms with:

- Network isolation
- Automated backups
- Redundancy and recovery systems

5. Data Retention

- Data is retained as long as your account is active.
- Upon account deletion request, all personal data is removed within **30–45 days**.
- Encrypted backups may persist for up to **90 days** but are not accessible.
- Video/audio responses may be auto-deleted after defined retention periods.

6. YouTube API Data Handling

Menntr follows all policies mandated by Google:

6.1 Metadata Refresh

- Video metadata is updated every 24 hours.
- Expired or removed video links are deleted within 7 days.

6.2 Video Interaction Data

- Stored for a maximum of 30 days for analytics and recommendation logic.

6.3 Recommendations

- Personalized content updates in real time.

Important Note

We **never** store or download YouTube videos.
All video content remains hosted on YouTube.

7. Your Data Rights

You may request:

- **Right to Access** – Receive a copy of your data
- **Right to Correction** – Fix incorrect information
- **Right to Deletion** – Permanently remove your data
- **Right to Data Portability** – Export your data
- **Right to Withdraw Consent** – Stop data processing anytime

Requests can be submitted at **support@menntr.in**

8. Third-Party Services

We integrate with:

- **Zoom** (interviews)
- **LinkedIn** (profile import)

- **Google YouTube API** (videos)
- **Analytics providers** (platform improvement)
- **SMS/Email gateways** (notifications)

Each third-party maintains its own privacy practices.
Users should review their respective policies.

9. Minors Policy

- Menntr is intended for users **18 years and above**.
- We do not knowingly collect data from minors.
- If discovered, such data is deleted immediately.

10. Legal Compliance & Jurisdiction

- We comply with applicable Indian data protection and IT laws.
- All legal disputes shall be handled under the jurisdiction of **Bangalore, Karnataka, India**.

11. Changes to This Privacy Policy

- We may update this policy periodically.
- Major changes will be communicated through email or platform announcements.

12. Cookies & Tracking Technologies

Menntr uses cookies to improve user experience and platform performance.

12.1 Types of Cookies

a) Essential Cookies

Needed for:

- Login
- Authentication
- Session continuity
- Security

b) Performance Cookies

Used to measure:

- Page usage
- Load speeds
- Interaction flows

c) Functional Cookies

Used to store:

- Preferences
- Theme settings
- Language
- Progress

d) Personalization Cookies

Used for:

- Tailored interview questions
- Recommended modules
- Custom scoring paths

e) Third-Party Cookies

Set by:

- YouTube
- LinkedIn
- Zoom
- Analytics tools

12.2 Cookie Management

You may disable non-essential cookies through your browser settings.
Disabling essential cookies may restrict platform functionality.

13. API & Webhook Security Disclosure

We ensure secure communication between Menntr, employer systems, and integrations.

13.1 API Security Measures

- **Token-based authentication** for all API calls
- **OAuth or Bearer tokens** for enterprise integrations
- **HTTPS-only** communication
- **API rate-limiting** to prevent misuse
- **Scope-based API permissions**
- **Audit logs** for tracking all API access
- **IP whitelisting** for sensitive endpoints

13.2 Webhook Security

- **HMAC signatures** to validate webhook authenticity
- **Encrypted HTTPS delivery**
- **Event retry policies** with safe limits
- **Payload minimization** – only essential data shared

- **Secret key rotation** capability

13.3 Integration Requirements

Third-party systems connected via API/webhooks must:

- Use secure HTTPS endpoints
- Be compliant with local data protection laws
- Follow Menntr's security and data handling standards

13.4 User Control

Users and companies may:

- Revoke API keys
- Disable integrations
- Request logs of API access related to their data
